## FEATURES:

The property showcases an array of impressive features, including surround sound custom-made built-ins with hinges, locks, and lighting throughout, original home wood flooring with spikes, automatic closet lighting, solid wood doors with porcelain or brass handles, and a custom perennial garden. Recreational amenities consist of a pool, hot-tub, sauna, steam room, and a Har-Tru tennis court, all surrounded by stunning views and exquisite landscaping. The grounds also include a wood shed, run-in sheds, fenced pasture, and a separate driveway. Safety measures have been implemented, such as lighting rods and grounded cables on all structures, along with an extensive water drain system installed throughout the property. Convenient features like on-site fuel pumps for both automobile and diesel, as well as three interlinked wells, provide easy access to resources. The crown jewel of the estate is the historical home dating back to circa 1857, with most of its original features, such as beams and floors, carefully retained and restored.
